

## ***Wipe that smile on your face***

*Wipe that smile off your face  
Don't you know it's a disgrace?*

*Do you think that that is funny?  
Don't you know the world's not sunny?*

*This mindset lacks precious humor  
It grows and spreads just like tumor*

*We must fight to change their thinking  
Or they'll have us all a sinking*

*Rules that restrict our free expression  
Must be unlearned for a higher lesson*

*Laughter is our strongest weapon  
To help them get to joyful steppin'*

*Help the people that are bitter  
See the bright side, with a titter*

*Don't fear laughter in public places  
It puts smiles on others faces*

*So wipe that smile on your face  
Do it with love and lots of grace*
